

Please DO NOT let LPFM stations have priority over FM translator service. I listen to K-LOVE (which broadcasts from California across the entire United States using FM translators) every day at work, in the car, and at home. Without the local translator in the Troy/Dayton area, I would not be able to listen to the station. K-LOVE has had a wonderful, positive effect in this area and has uplifted me through many difficult times. There is no other station in this area that plays Contemporary Christian music all day. Even though the station is national, it has announcements for local events in my area that I may not have known about otherwise. Thank you for your consideration.
